Meeting Notice

Date: Thursday, August 25th , 2011
Time: 12:00 Noon
Location: Shawn O'Donnell's, 122 128th Street SE Everett, WA 98208
Speaker: Marilyn McCabe Love, Leading Dynamics
Topic: Let's Play at Work!!!!

What do play and work have in common??? Well, increased productivity, deeper trust in relationships and better communications across teams. In the workplace, play can be that tool smart leaders use to bring out the best in people. Playing together builds trust. It's an opportunity to see our co-workers in a different setting, a more human light. When we support each other at play, we're really saying to our colleagues, "Hey, we are on the same team, not just in our work but as regular people too." We're creating a platform to demonstrate that we are more than just a title such as CEO, senior analyst, project manager or director of IT or marketing or HR. We're whole persons, with interests and abilities in addition to our professional skills. That, my friends, is what team building is all about!!!

Overview: Marilyn McCabe Love founded Leading Dynamics on the principle that each person is entitled to be all that they can be so they can live life to the fullest. She is passionate about changing the world, one leader at a time! Marilyn is a speaker, mediator, adjunct professor, professional and personal coach, trainer and facilitator. She is also writing a book soon to be published. Marilyn has a way of capturing her audiences with her wit, inspiration and practical strategies for easy application. She is a national speaker who people remember and request again and again.
