Explanation of Charges

Verizon Wireless' Surcharges

Verizon Wireless' Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including charges we or our agents pay local telephone companies for delivering calls from our customers to their customers, fees and assessments on our network facilities and services, and costs and charges associated with new cell site construction, local number portability, and other government mandates. Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.

Taxes, Governmental Surcharges and Fees

Includes sales, excise and other taxes and governmental surcharges and fees that we are required by law to bill customers. These taxes, surcharges and fees may change from time to time without notice.

Late Fee Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law.

Verizon Wireless' Other Charges and Credits

Includes charges for products and services, and credits owing.
