Subject: Re: meeting for the 26th and questions

John

Hi Denise,

I understand that questions about the shoreline are to be submitted prior to the meeting. Perhaps my questions are redundant--because this is somewhat covered in the packet--but I would like to have details regarding public access to the waterways... What does that involve? Is it mandatory to include public access? Also, will property owners have input regarding what is acceptable maintenance for our shoreline land? And finally, will there be time for questions that arise during the meeting?

----- Thanks much! Andrea Halverson
